CIVIL ACTION

NO. 1:00-CV-01229

JUDGE CALDWELL

AFFIDAVIT OF WILLIAM A. ORTH

1. My name is William A. Orth and I am a former Corrections Officer at the Adams County Prison.

2. On August 30, 1999, I was a Lieutenant and held a supervisory position at the Adams County Prison.

3. On August 30, 1999, sometime between 3:10 a.m. and 3:58 a.m., I was summoned by Corrections Officer Sheatler to E-Block for a disturbance involving Inmate Jason Benson.

4. Corrections Officer Sheatler told me that Inmate Benson was having some kind of problem. Benson was screaming and not responding to verbal directions. At the time, Inmate Benson appeared to be physically okay other than the fact that he was having difficulty following directions and answering questions. Approximately 20-25 minutes later, Inmate Benson appeared to be having a seizure and began to scream and suffer what appeared to be convulsions.

5. When Inmate Benson began to have what appeared to be a seizure, the Sheriff's Department was called to transport him to the hospital.

6. At approximately 5:35 a.m., Deputy Sheriff Muller arrived and transported Inmate Benson to Gettysburg Hospital where he received treatment.

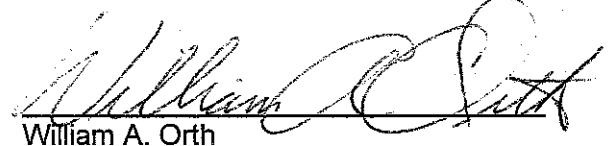

7. On the morning of August 30, 1999, after Inmate Benson began to show the signs of becoming ill he was not left alone. As soon as it became apparent that Inmate Benson was having a seizure and needed medical attention, the County Sheriff's Office was called so that Benson could be transported to the hospital for care.

8. The Adams County Sheriff's Office is responsible for transporting prisoners to and from the Prison for security reasons.

9. After the Sheriff's Office was summoned, a member of the prison staff stayed with inmate Benson to make sure that he was okay. An ambulance would have been called if this had been an emergency. He did not get worse after the Sheriff's office was called. Instead, he got better and in fact, at the time Inmate Benson left the prison on August 30, 1999, to go to Gettysburg Hospital, his condition had improved and he was more responsive to questions and verbal directions.

10. Attached hereto are the official prison records documenting Inmate Benson's illness of August 30, 1999, and the prison's response to it, as well as the log documenting the time that Mr. Benson's seizure activity was noted by the prison staff.

I declare under penalty of perjury that the foregoing is true and correct. Executed on
10/5, 2001.
